From the author team that wrote the Pulitzer Prize-winning biography *Jackson Pollock*, here is an in-depth, accessible, illustrated biography of one of the world's most beloved artists.

Drawing on the artist's and his family's letters, and the archives of the van Gogh Museum in Amsterdam, Steven Naifeh and Gregory White Smith carefully peel away the layers of the larger-than-life mythology of the creative genius, whose signature images of sunflowers and starry nights have won a permanent place in the human imagination.

In the process, the authors shed new light on many unexplored aspects of van Gogh's inner world: his deep immersion in literature and art; his erratic and tumultuous romantic life; and his bouts of depression and mental illness.
