# THE LIES OF GEORGE W. BUSH

## MASTERING THE POLITICS OF DECEPTION

**"[THE LIES OF GEORGE  
W. BUSH] PRESENTS ONE  
CREDIBLE ARGUMENT  
AFTER ANOTHER IN A  
NON-POLEMICAL TONE.  
ANYONE OPEN-MINDED  
ENOUGH TO BE PUZZLED  
ABOUT BUSH'S RECORD  
SHOULD GIVE IT SERIOUS  
CONSIDERATION."**

**—ST. LOUIS POST-DISPATCH**

Updated with new lies, this paperback edition of the *New York Times* bestseller (more than 55,000 copies sold) will arrive in the thick of the presidential campaign—just in time to become essential reading for all the anti-Bush partisans who are looking to back up their arguments with facts.

"Mr. Corn does not believe that wit and indignation are mutually exclusive, which makes the indictment that is *The Lies of George W. Bush* the more searing."

—*New York Observer*

"A register of alleged mendacity so relentless that it puts one in mind of Mary McCarthy's famous gibe at Lillian Hellman: 'Every word she writes is a lie, including *and* and *the*.'"

—*New York Times Magazine*

"Corn takes a gloves-off look at President Bush's public record and finds a disturbing array of White House whoppers...A valuable look at how often and effortlessly the man who campaigned on the lofty principles of 'responsibility' and 'accountability' has evaded both."

—Clarence Page, syndicated columnist

"An elegantly written vivisection of the Bush record...a blistering journalistic broadside that fully explores Bush's tendency to swing for the fences when fibbing."

—*Sunday Oregonian*

# PRIME TIMES

Writers on Their Favorite TV Shows

*Edited and with an Introduction by Douglas Bauer*

*More than 20 acclaimed writers share their fascination with a particular television show—from Susan Cheever on Father Knows Best to Nick Hornby on The West Wing.*

The literary mind and the boob tube are often thought to have little in common, but the two have been trysting in dimly lit rooms since television's earliest days. To prove the point, Doug Bauer asked a number of the finest writers of our time to reveal their own forays into a medium that has been called everything from a vast wasteland to the electronic dream machine of the global village.

Who could resist knowing why Elizabeth McCracken loves *America's Funniest Home Videos*? How Douglas Rushkoff found himself *Lost in Space*? How Mark Leyner recalls the action-packed *Hawaii Five-O*? Why Phyllis Rose finds a tampered reality on *Survivor*? What Henry Louis Gates Jr.'s take on *Amos 'n' Andy* is? How Alan Lightman felt when he first entered *The Twilight Zone*?

*Prime Times* is an eclectic gathering of autobiography, memory, and blade-sharp observation, all bound up by the common—and after all, literary—experience of watching other people's lives while trying to understand one's own.

**DOUGLAS BAUER** has written for *Esquire*, *The New York Times Magazine*, *Harper's*, *Playboy*, and other national magazines. He is also the author of *Prairie City, Iowa*, a work of nonfiction, and three novels. He lives in Boston.

# LIKE NO OTHER TIME

The Two Years That Changed America

*By Senator Tom Daschle, with Michael D'Orso*

*Now in paperback, the Majority Leader of the historic 107th Senate presents a startling and candid insider's account of the workings of the U.S. government during two of the most tumultuous years in the nation's history.*

It is safe to say that the 107th Congress faced a time like no other in the life of our nation. This was the era of the first contested presidential election in more than a century, the 50/50 Senate, the horror of 9/11, anthrax attacks, the war on terrorism, corporate scandals that shook the economy, the inexorable move toward war with Iraq, and the historic mid-term elections of 2002.

Through it all, Senator Tom Daschle had, with the exception of President Bush, the most privileged view of the unfolding developments behind closed doors. In this book, he pulls no punches in offering his singular perspective on a time when the nation faced elusive external enemies and the kind of domestic political contention unseen since the Civil War. Daschle is honest, straightforward, and acutely perceptive as he places the 107th Congress in historical perspective and assesses the success and failure of individuals and the institutions of government in rising to the challenges of a remarkable time.

**TOM DASCHLE** is currently the Minority Leader of the U.S. Senate. Senator Daschle will donate his net proceeds to charitable causes. **MICHAEL D'ORSO** is coauthor of John Lewis's *Walking with the Wind*.

The Best Writing About the World Series' First 100 Years

*"The only thing better than great writing about baseball is an editor with a keen eye for great writing. Fall Classics combines great writing and Bill Littlefield and Richard A. Johnson's sense of it."*

—John Feinstein

For a century, the World Series has captured the imaginations of sports fans and non-fans alike. The dramas of October have included Babe Ruth's called shot, Willie Mays's over-the-shoulder catch, Kirk Gibson's hobbling homer, Don Larsen's perfect game, the fixing of the Series by the Black Sox, unlikely heroics from previously unsung players, and enough elation and heartbreak to inspire a rich legacy of timeless writing.

*Fall Classics* collects the very best of those stories, with contributions from some of the greatest sportswriters of our time, including Damon Runyon, Ring Lardner, Thomas Boswell, Satchel Paige, Roger Angell, Jimmy Breslin, and Peter Gammons. The result is both a history of the event and a celebration of what it has meant for anyone who has ever felt the magic of baseball in October.

"Newspaper, magazine, and literary accounts sit comfortably together like players on the All Stars, and most of your favorite writers from all seasons are here."

—Booklist

**BILL LITTLEFIELD** is the host of NPR's *Only a Game*. **RICHARD A. JOHNSON** is the curator of the New England Sports Museum and the author of *Red Sox Century* and *Yankees Century*. Both authors live in Massachusetts.

# LOSER GOES FIRST

My Thirty-Something Years of Dumb Luck and Minor Humiliation

By Dan Kennedy

*"Loser Goes First should be mandatory reading for potential parents, government officials and teenagers alike. . . . A fascinating read for anyone who gets a perverse thrill from reading about someone else's crappy decisions. . . . Irresistibly weird and brave and satisfying."*  
—Salon.com

At last, the down-and-out hipsters who have been gazing longingly at the glossy hardcover section of the bookstore have a reason to rejoice: Dan Kennedy's critically acclaimed, McSweeney's-approved memoir, *Loser Goes First*, is now in paperback. In the words of Dan himself: "If you've ever tried and failed miserably at being a rock star, a professional bass fisherman, an advertising executive, a dot-com millionaire, an MTV VJ, or an espresso street cart owner and operator, this book is for you."

"Brilliant dialogue, oddball song lyrics and ridiculous lists . . . like David Sedaris for the underemployed."

—Philadelphia Weekly

"The stories would be a hoot as is (e.g., he tries to revive a dead fish), yet [Kennedy's] twisted wit raises the bar of hilarity."

—People

"Kennedy's great gift for description, natural dialogue, and taking the piss out of himself makes [this book] howlingly funny."

—Seattle Weekly

**DAN KENNEDY** is a contributor to *McSweeney's* and *Bookforum* and reads regularly at Moth and Luna Lounge. He is director of creative development at Atlantic Records and lives in New York City.

# RUSLAN

A Novel of Russia

By *Barbara Scrupski*

*"A romp of a tale about a penniless countess desperate for a husband and the arrogant cavalry officer—think Rhett Butler in gold-embroidered trousers—who courts, spurns, adores, and abuses her."* —Detroit Free Press

Part *Gone with the Wind*, part *Doctor Zhivago*, and thoroughly captivating, *Ruslan* is the epic story of a destitute young countess in Russia who tries every avenue to restore her fortunes. Rich with decadent trappings of tsarist splendor and alive with the indomitable spirit of an unforgettable young woman, *Ruslan* is a novel to savor from first page to last and a great addition to Three Rivers Press's growing and successful historical fiction list.

"An elegantly written novel, vividly detailed, and interwoven with wonderful, human characters who leap off the page. I couldn't put it down!"

—Diane Haeger, author of *My Dearest Cecelia* and *The Secret Wife of King George IV*

"Barbara Scrupski captures 19th century St. Petersburg's complexities in exquisite and emotionally precise detail . . . the writing strikes me as if Turgenev were to rework Danielle Steel for Nicky and Alex Romanov." —John Faunce, author of *Lucrezia Borgia*

**BARBARA SCRUPSKI** studied extensively at the Manhattan School of Music, the University of Konstanz in Germany, Cambridge University, and the Polish Language Institute in Krakow. She lives in Maryland. This is her first book.

# STICKS AND STONES

By Peter Kuper

*An epic, wordless allegory—by one of the masters of the graphic novel—that chronicles the rise and fall of a stone kingdom undone by perpetual war.*

In the tradition of successful graphic novels like Eric Drooker's *Bloodsong*, *Sticks and Stones* uses vividly rendered sequential art to tell a timeless story that incorporates only the most elemental forces—sticks and stones, fire, diamonds, and rain. The result is a witty, powerful saga of life and death, and war and peace.

Peter Kuper's astonishingly expressive illustrations depict the story of giant Rock Man's volcanic birth and his subsequent attempt to lead a tribe of little rock people. With a deftness and subtlety that may surprise those unfamiliar with the graphic novel genre, Kuper's characters—including Stonetop, Rock Man's loyal supporter, and Black Rock, a rock woman who opposes Rock Man's militaristic aggression against the neighboring Stick Kingdom—spring to life as wonderfully developed personalities.

With illustrations that convey kinetic energy and engaging humor; a crisp, comic, dramatic story that rings with the truth of an ancient myth; as well as a slyly persuasive political message, *Sticks and Stones* is a legend for our times.

**PETER KUPER** is the author of several graphic novels. His comics and illustrations have appeared in *Time*, *Esquire*, *The New Yorker*, and other publications. He lives in New York City.

*Sarah Jones is one of the rising stars of American theater. Bridge and Tunnel, her widely acclaimed theatrical piece, is a dazzling tour of 21st century American identity that will resonate with readers of dramatic pieces like The Vagina Monologues, For Colored Girls, and Fires in the Mirror.*

The Bridge and Tunnel café is the site for the third annual "I Am a Poet Too" reading. The host is Mohammad Ali—no relation to the boxer, he's heard all the jokes—who brings to the mic a multicultural stew of poets, young, old, male, female, and from all parts of the world, to share their stories and poems about coming to America. The poets include Lorraine Levine, an elderly Jewish woman from Eastern Europe who recites her poem, "No, Please Don't Get Up"; Yahira, a 15-year-old Dominican, who nervously reads a poem about growing up in Harlem, a "daffodil at midnight"; Bao Dinh, a Vietnamese slam poet whose poem "won't fold your shirts/but may air your dirty laundry"; and Gladys, a Jamaican who explains that there are two career possibilities for Jamaicans in America: "One is to become the secretary of state. The other is to take care of children. Either way, it's the same." The poems and stories mix humor and pathos and sharp commentary into a brilliant, kaleidoscopic portrait of the new American dream.

Also included here are two more of Jones's plays, *Women Can't Wait* and *Surface Transit*.

**SARAH JONES** is a playwright, poet, actor, and activist. Produced by Meryl Streep, *Bridge and Tunnel* is currently running Off-Broadway in New York. Jones lives in New York City.

# BOOGERS ARE MY BEAT

More Lies, but Some Actual Journalism

*By Dave Barry*

*The New York Times calls Dave Barry "the funniest man in America" and his legions of fans certainly agree. Here's Dave's latest bestselling roundup of his most hilarious columns—now in paperback after selling more than 55,000 hardcover copies.*

In *Boogers Are My Beat*, Dave Barry reminds us that while many journalists view their job as an opportunity to comfort the afflicted and afflict the comfortable, for others, like Dave, it's mostly a great source of booger jokes. In any case, Dave gives us the real scoop on:

- The scientific search for the world's funniest joke (you can bet it includes the word "weasel")
- RV camping in the Wal-Mart parking lot
- Elections in Florida (you can't spell Florida without "duh")
- The Olympics, where people from all over the world come together to accuse each other of cheating
- The truth about the Dakotas, the Lone Ranger, and feng shui

And much more, including Dave's sober and heartfelt essays on September 11 and new introductions to many of the pieces that Dave's fans won't want to miss.

**DAVE BARRY** won the Pulitzer Prize for commentary in 1988, and his columns are syndicated in more than 500 newspapers. He lives in Miami, Floriduh.

# WHY THINGS BREAK

Understanding the World By the Way It Comes Apart

*"A lively, unvarnished look at chemistry on the cutting edge."*

—Kirkus Reviews

A provocative and eminently readable blend of science, history, autobiography, and economics, *Why Things Break* leads us on a remarkable and entertaining exploration of the many astonishing discoveries that have been made about everything from the sinking of the *Titanic* to the explosion of the space shuttle *Challenger* to the crashing of your hard drive. Understanding why things break is crucial to modern life on every level, from personal safety to macroeconomics, but as Eberhart reveals here, it is also an underexplored and endlessly intriguing area of scientific inquiry.

"In materials science, nothing succeeds like failure, for it prompts discovery of what caused a disaster....[Eberhart] translates the technicalities of this field into accessible layperson's terms, aided by autobiographical excursions into his experiences with research funding, and with the public's generally deficient appreciation of technological risk: nothing is unbreakable, though we (or tort lawyers) demand that everything should be so."

—Booklist

# FDR'S FOLLY

How Roosevelt and His New Deal Prolonged the Great Depression

By **Jim Powell**

*"Readable, factual, and insightful. . . This book is an education in itself."*

—*Thomas Sowell, syndicated columnist,  
author of Applied Economics*

**W**hy was the Great Depression so much more intractable than previous economic downturns? In this groundbreaking book, Jim Powell shows that it was because FDR's New Deal policies actually expanded the crisis: progressive labor laws threw people out of work, social security increased unemployment, and higher taxes thwarted business growth.

The role of the New Deal in ending the Great Depression has become the foundation of liberal economic thought; here, Jim Powell shows that this notion is based on a dangerously misinformed reading of history.

"Admirers of FDR credit his New Deal with restoring the American economy after the disastrous contraction of 1929–33. Truth to tell—as Jim Powell demonstrates without a shadow of a doubt—the New Deal hampered recovery from the contraction, prolonged and added to unemployment, and set the stage for ever more intrusive and costly government."

—*Milton Friedman,  
Nobel Laureate, Hoover Institution*

**JIM POWELL** has been a senior fellow at the Cato Institute since 1988. He is the editor of *Laissez Faire Books* and is the author of the bestselling *The Triumph of Liberty*. He lives in Connecticut.

# OH BOY!

Mothers Tell the Truth About Raising Teen Sons

By **Maryann Bucknum Brinley**

*A collection of reassuring anecdotes from real mothers about how they've dealt with the challenges and triumphs of raising teenage boys. A Surviving Ophelia for mothers with sons.*

When it comes to parenting teenage boys, the experts have had their say—and then some. But what about the moms who have learned about the challenges and rewards by dealing with real kids in the real world? In *Oh Boy!* more than 30 moms tell stories about how they've handled their sons' adventures and misadventures. The minidramas recounted run the gamut of teen boy behavior and traits, from messy rooms and body odor to prank calls, bad grades, and more serious issues, such as drinking and sex.

These stories, each prefaced with a brief, insightful introduction from mother-of-two Maryann Bucknum Brinley, show that no mom handles things wonderfully every time. Yet even a seemingly disastrous experience can grow into a fond memory, one that just might generate laughter for years to come.

Like words from a good friend and stories with happy endings, *Oh Boy!* will help moms sleep better at night, reassured that they don't have to be perfect to be great at mothering.

**MARYANN BUCKNUM BRINLEY**, the author of six books, has written for *Family Circle*, *Woman's Day*, *Good Housekeeping*, and University of Medicine and Dentistry of New Jersey magazines. She lives in Montclair, New Jersey.

# THE PROBABILITY OF GOD

A Simple Calculation That Proves the Ultimate Truth

*By Stephen D. Unwin, Ph.D.*

*"Unwin's book [is] peppered with wry, self-deprecating humor that makes the scientific discussions more accessible....Spiritually inspiring."*

—*Chicago Sun-Times*

With clarity and humor, Dr. Stephen Unwin shows how a mathematical formula might just settle mankind's most enduring question: Does God exist? *The Probability of God* starts with Pascal's Wager (essentially, you've got everything to gain by believing, and everything to lose by not) and expands the inquiry to draw out an equation that confirms what so many people know in their hearts: The odds are for God.

Whether you're a devout believer and agree with Dr. Unwin's proof, or are unsure about all things divine, you will find this provocative book an enlightening and engaging journey through mathematics and religion.

"A pleasantly breezy account of some complicated matters well worth learning about."

—*Philadelphia Inquirer*

**STEPHEN D. UNWIN, Ph.D.**, received his doctorate in theoretical physics from the University of Manchester, U.K., for his research in the field of quantum gravity. He is now the president of his own consulting firm, and lives in Columbus, Ohio.

*Now in paperback, an enchanting exploration of the remarkable connections between Buddhism and cutting-edge contemporary science, in the form of a dialogue between a Buddhist monk trained as a molecular biologist and a leading astronomer who was raised as a Buddhist.*

When Matthieu Ricard and Trinh Thuan met at an academic conference several years ago, they began discussing the remarkable connections between the teachings of Buddhism and the findings of recent science. That conversation grew into a rich correspondence that explored many fascinating questions: Did the universe have a beginning? Or is ours one in a series of universes with no end and no beginning? Might time be an illusion created in our own minds? How does the radical interpretation of reality offered by quantum physics conform to and yet differ from the Buddhist conception? What is consciousness and can it exist apart from physical beings?

The stimulating journey of discovery the authors traveled in their discussions is re-created beautifully in *The Quantum and the Lotus*. It is a remarkable meeting of two brilliant minds.

"A mind-expanding, eye-opening exploration."

## THE LIFE AND TIMES OF EMINEM

The *New York Times* bestseller with more than 70,000 copies sold in hardcover, the definitive profile of Eminem as a rap artist and a key figure in the American cultural landscape is now in paperback.

From woman-hating gay basher to Oscar winner, the man known as Marshall Mathers III, Slim Shady, and, of course, Eminem, has been vilified and praised for his outrageous antics, his controversial lyrics, and ultimately, his massive success as a recording artist and film star.

So much more than a biography, *Whatever You Say I Am*—illustrated with dozens of exclusive photographs and containing interviews with key figures in hip-hop, members of Eminem’s camp, sociologists, and critics—is the first book to examine the cultural impact that a white rap superstar has made on the American public. Placing Eminem within the history of hip-hop, the socioeconomic context of the trailer park-dwelling working class, and the mass crossover zeal that currently surrounds him, Bozza tackles a question many other music critics, culture vultures, and sociologists have attempted to answer: Why does Eminem matter?

“AN ENGAGING BOOK ABOUT A NEW AND HIGHLY BUZZING CULTURAL MANIFESTATION . . . NOT UNLIKE THE MUSIC ITSELF, THE BOOK SEEKS THROUGHOUT TO STICK CLOSE TO THE PLACE WHERE IT STARTED, LOUD AND CHAOTIC, MIXED UP AND CRUEL, MANAGING TO BE BOTH BLARING AND SUBTLE AT THE SAME TIME.”

# SECRETS OF THE CITY

A Novel

By Anne Roiphe

*Now in paperback, celebrated author Anne Roiphe's episodic and brilliant novel of a big-city mayor and the struggles that shape the fortunes of his city, the life of his family, and the condition of his soul.*

New York's *Forward* newspaper asked a handful of distinguished writers to follow the tried-and-true format first introduced by Charles Dickens—the serial novel. Anne Roiphe answered that challenge with gusto, and the result, *Secrets of the City*, is an episodic and fast-paced novel that chronicles the secular and sacred concerns of a city and the people who govern it—or try to. All of Roiphe's characters—from the mayor, his wife, his children, the newspaper reporter who longs to be his mistress, and the people who protect him from moment to fateful moment—emerge on the page in unforgettable living color.

With *Secrets of the City*, Anne Roiphe has delivered an engaging story written with humor, shrewd insight, and tenderness. This is an insider's peek at life in the fast lane in the most brilliant and brutal city in the world, with all its secrets laid bare.

"Fast paced...Roiphe nicely conveys the frantic pressures of city life, the endless appetite of the media, the frenzied pitch of threats, denials, deceit, despair." —*Boston Globe*

**ANNE ROIPHE** is the author of seven novels and many other nonfiction works. She writes a biweekly column for the *New York Observer* and lives in New York City.

*"At a time when so many people are looking for moral guidance, we are lucky to have Joseph Telushkin as our guide and teacher. I am thoroughly impressed by his wisdom and good sense."*

—Rabbi Harold Kushner, author of  
*When Bad Things Happen to Good People*

These days, many of us are finding it difficult to tread the fine line between right and wrong. In this book, famed rabbi and author Joseph Telushkin faces the issues squarely and shows us how to put his 10 commandments into practice and live a life of true integrity. Among the questions Telushkin responds to in *The Ten Commandments of Character* are:

- Should a brother give up his inheritance because his sister has children and he doesn't?
- Is it wrong to get a kidney transplant from a prisoner executed in China?
- Should a dying woman reveal to her husband that his son is not really his?
- If your mother specifies in her will that her dog should be put down, is it okay to go against her wishes?

"Joseph Telushkin is a modern-day Solomon."

# WHY THE LEFT HATES AMERICA

Exposing the Lies That Have Obscured Our Nation's Greatness

By **Daniel J. Flynn**

*An updated edition of the Conservative Book Club Main Selection that exposes the many lies the American Left continues to tell about this nation, our government, and our history.*

**W**hy the Left Hates America punches a hole through the veneer of political correctness that has long protected those who hold Ho Chi Minh and Fidel Castro in higher regard than George Washington and Thomas Jefferson, who destroy property to protest free markets, and who fight alongside terrorists rather than against them. Citing the Left's own words and actions, Daniel J. Flynn clearly shows that the Left is motivated by a hatred of America and a desire to see it humiliated in the eyes of the world.

This paperback edition includes a new chapter, based on Flynn's exclusive reporting from anti-war protests and other Leftist assemblies, that shows how the Left's anti-Americanism has become even more pronounced in recent months.

"Read this book and learn how to take our country back, before it's too late."

# BARMAN

Ping-Pong, Pathos, and Passing the Bar

By Alex Wellen

*A smart and entertaining look at one young man's journey from graduating law student to licensed lawyer—the second most important nine months he ever spent “gestating.”*

In the 1970s, *The Paper Chase* defined top-tier law school and lawyering for an entire generation, but a lot has changed since then. And *Barman* is here to give a fresh, funny, and revealing new take on entering the legal profession for the next generation—the tens of thousands of men and women applying to and graduating from law school every year.

Alex Wellen's story is that of a smart but regular guy trying to make his way into one of the most hierarchical and powerful professions in the world. He fantasizes about the high-powered lifestyle of a glitzy Manhattan attorney and imagines hobnobbing with the social elite—but in this city of overachievers, he is reminded every step of the way that he didn't go to Harvard or Yale.

“If you're about to begin your professional life, *Barman* . . . will be as bracing as a gin and tonic. If it's been a long time since you landed that first big job, *Barman* will bring back, vividly, the sweaty palms and inevitable social gaffes of those years.” —*Boston Globe*

“Entertaining . . . thoroughly quirky.”

—*San Francisco Chronicle*

**ALEX WELLEN** is currently an independent producer and freelance writer. He lives in San Francisco.

# TREASON

## LIBERAL TREACHERY FROM THE COLD WAR TO THE WAR ON TERRORISM

In her bestseller *Slander*, Ann Coulter pounced on the liberal media. In *Treason*, a *New York Times* bestseller in hardcover with more than 550,000 copies in print, she turns to American history, showing how liberals have been wrong on nearly every vital policy issue to have faced the nation.

Coulter shows that liberals have a history of erring on the side of America’s enemies, from their dismissal of Joseph McCarthy as a witch-hunter to their refusal to acknowledge Ronald Reagan’s role in the downfall of Communism. Now she finds that the same ideology that defended Alger Hiss is threatening America’s ability to win the war on terror.

# WHEN THE SPIRITS DANCE MAMBO

A Memoir

*By Marta Moreno Vega*

*In this luminous memoir, Marta Moreno Vega calls forth the spirit of Puerto Rican New York, and the music, mysticism, and traditions of a quintessentially American childhood.*

Marta Moreno was born and raised in Spanish Harlem in the 1950's and 60's. Marta was doted on by her family members, but none more so than her brother Chachito, who taught her the latest dance steps and called her from the pay phone at the legendary Palladium so she could listen to the seductive rhythms of Tito Puente and his orchestra.

El barrio was full of the sounds of mambo and merengue, and instead of Elvis and the Beatles, Marta grew up worshipping artists like Celia Cruz and Mario Bauza. Spanish Harlem was a vibrant and dynamic place but it was also a world in flux, where the rigid traditions of immigrant parents clashed with their children's American ideals.

*When the Spirits Dance Mambo* is a chronicle of the immigrant experience seen through the eyes of a young woman whose life and writing is one with the poetry, music, and tradition of her family and her home.

**MARTA MORENO VEGA, Ph.D.**, is founder and president of the Caribbean Cultural Center in New York. Formerly, she was the director of El Museo del Barrio, and she has taught at Barnard, Hunter, and Baruch Colleges. Her experiences with the Santeria community in the United States and Cuba were the basis for the critically acclaimed film documentary *When the Spirits Dance Mambo*. She lives in New York City.

# DISPATCHES FROM A NOT-SO-PERFECT LIFE

Or How I Learned to Love the House, the Man, the Child

By **Faulkner Fox**

*A provocative, funny, and fiercely honest book that is Operating Instructions meets Bitch in the House.*

From the age of 23, Faulkner Fox was captivated by a fantasy of the American dream: a house by the sea, a devoted husband, a creative work life, and a beautiful child to complete the picture. A decade later, she had it all—but found herself depressed, lonely, and guilt-ridden.

In her wise and poetic voice, Fox explores the causes of her unhappiness, as well as the conflicting societal forces that American mothers have to contend with. Part memoir, part parenting book, part cultural analysis, this unforgettable narrative crackles with passion, humor, and truth.

"Faulkner Fox is a wonderful writer...I wish I had [this book] to read when I was a desperate young mother!"

—Lee Smith, author of *The Last Girls*

"Passionate, angry, honest, and intelligent...the antidote to *What to Expect When You're Expecting*, it's [a book] every pregnant or planning-to-be-pregnant woman with a modicum of ambition would do well to read."

—Cathi Hanauer, editor of *Bitch in the House*

"Warm and funny."

—*Kirkus Reviews*

**FAULKNER FOX** has a B.A. from Harvard, and an M.A. from Yale and teaches creative writing at Duke University. She is also a performance artist and media spokesperson. She lives in Chapel Hill, North Carolina, with her husband and two children.

# PREACHERS OF HATE

Islam and the War on America

By *Kenneth R. Timmerman*

*"Timmerman exposes again and again the twisted logic of Muslim leaders who have failed to lead and blame it all on the Americans and the Jews."*  
— New York Post

In *Preachers of Hate*, bestselling author Kenneth R. Timmerman shows how Middle Eastern and global anti-Semitism has exploded into a war on America—threatening our values, our freedoms, and our lives.

In 1982, Timmerman was taken hostage by terrorists in Lebanon and held for 24 days. In 1998, he wrote the first major profile of Osama bin Laden, entitled, "This Man Wants You Dead." Now—with Islamic terrorism fully exposed as the greatest threat to liberty in the post-cold war world—Timmerman sheds light on the true source of the conflict: an entrenched and far reaching anti-Semitism that is the ideological basis of the terrorists' war on America. Now, as America reasserts its role in the Middle East, *Preachers of Hate* is an essential book that reframes a very complicated issue as a matter of life and death.

**KENNETH R. TIMMERMAN** is an investigative reporter with more than two decades of experience writing for the *Wall Street Journal*, *Time*, *Newsweek*, *Insight*, and *Reader's Digest*. He lives in Washington, D.C.

# HEALING SLEEP

Discover the Restorative Power of Sleep, Dreams, and Awakening

*By Rubin Naiman, Ph.D.*

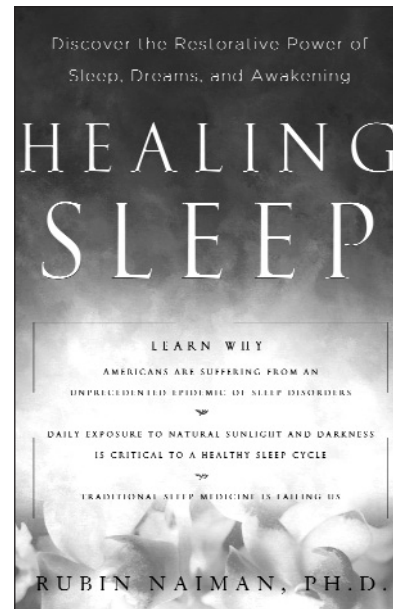

*For the millions of people who start each day wishing they had more get-up-and-go, this innovative, East-West approach to sleep problems explains how to tune into the natural rhythms of the night and enjoy a sleep that is as restorative as the deepest meditation.*

Nearly 120 million Americans suffer from serious sleep disorders, and many more experience mild to moderate sleep deprivation every day. Insufficient sleep not only affects our daily moods, it can also negatively affect our long-term health. In *Healing Sleep*, Dr. Rubin Naiman presents a breakthrough approach to healthier sleeping. Like Dr. Andrew Weil's bestselling books on healthier eating, *Healing Sleep* integrates modern science, alternative approaches, and a spiritual perspective.

Dr. Naiman argues that our 24/7 world has severed our natural connection to the night, to sleep, and to dreams. Taking an integrative stance unlike that contained in any other sleep book currently available, he guides readers from wakefulness to deep sleep at night and through the equally tricky reverse process in the morning.

Written in an accessible style and including practical advice and techniques, *Healing Sleep* is sure to be the sleeper hit of the season.

**RUBIN NAIMAN, Ph.D.**, is the founder and clinical coordinator of the sleep health program at Canyon Ranch in Tucson and clinical assistant professor of medicine at the University of Arizona's Program in Integrative Medicine.

# DOWN THERE BY THE TRAIN

A Novel

By **Kate Sterns**

*A witty and wistful novel, brimming with comic misunderstanding and metaphorical brilliance that stays true to the imaginative legacies of Carol Shields and Margaret Atwood.*

Soon after being paroled from prison, where he was serving time for an unfortunate misunderstanding, Levon Hawke sets out across a frozen lake alone and in failing light to investigate a job offer. Arriving at the wrong end of the island, he stumbles upon a ruined house.

Behind the door awaits tall, red-haired Obdulia Limb, grieving for her dead mother, making poisoned tea, and burning the Encyclopedia Britannica to keep warm. Soon, Obdulia's octogenarian femme fatale of a stepmother and her overbearing father try to involve Levon in a comically gruesome conspiracy to cure Obdulia of her grief. But love has other plans in this darkly comic, beautifully written, complex, and unnerving novel by Kate Sterns.

"It's Shakespeare meets the Coen brothers: a dark fairy tale for adults with madcap characters, silver-tongued wit, and plenty of valuable life lessons."

—*Washington Post*

"A real winner."

—*Library Journal*

"The eerie beauty of Sterns's language and the circular changes in narrative perspective make [this book] mesmerizing."

—*Booklist*

"Hugely assured and zestily original." —*The Independent*

# KEEPING KATHERINE

A Mother's Journey to Acceptance

By Susan Zimmermann

*Reminiscent of books like Expecting Adam and Riding the Bus with My Sister, here is a portrait of the unconditional love that exists in families and the gifts that the profoundly disabled can offer to those who try to understand them.*

What happens when you have life on a string—Yale law degree, wonderful husband, excellent health, and perfect first child—and then everything changes? The baby starts crossing her eyes. Her crying at night can't be soothed. She stops saying words, stops crawling, and sits wringing her hands all day. Hospital visits and doctors give no answers. The baby slips away to a place her parents can't reach.

Susan Zimmermann tells the story of life with her daughter, Katherine, who developed normally until she was more than a year old, then developed Rett Syndrome without warning. Zimmermann writes of her experience with honesty and candor, but goes beyond that to describe the odyssey she and her husband undertook to embrace, and eventually accept, their family's altered life. This story of family dynamics and personal transformation reminds us that it isn't what happens to us that shapes our humanity, but how we respond.

*Keeping Katherine* is a soul-searching journey through grief, loss, hope, anger, and despair to a place of unconditional love.

**SUSAN ZIMMERMANN** lives in Colorado with her husband and four children.
