

Notorious

Some shapes deserve their moment in the sun—and this sweater shines with fitted detail! Ribbed sides and back emphasize the front waist shaping, exaggerating the curve of the hip and the bust. Horizontal I-cord adds a hint of underwire shaping, with a crochet neck edging, twisted cord bust detail, and knit-on drape sleeves worthy of a committed knitter. Loosen the front ties for a modest look, or tie them tight to create the illusion of cleavage. This project is not so much *difficult* as it is *complex*. Break it down, take it step by step, and conquer the sweetheart neckline corset!

With a darning needle, tack edges of cord to inner sides of corset.

Pull cord tight, gathering center Front bust, and tie in a bow (you can cut and knot the ends of the cord or leave it in a loop or tuck it in as shown in the detail).
