**GONG HEE FOT CHOY BOOK OF FORTUNE**  
**A Fortune-Telling Game**  
By Margarete Ward

**Foretell the future using a deck of regular playing cards and a divination game, which traces its origins to the principles of astrology and Chinese numerology.**

The familiar *Gong hee fot choy!* means “greetings of riches,” and confirms the ancient belief that life’s odds are three-to-one in favor of prosperity over poverty, success over failure, and good fortune over bad. It is also thought that the future can be forecast—and even influenced—if we know how to interpret the signs and understand their meanings.

*Gong Hee Fot Choy Book of Fortune* comes with an illustrated game board to help readers unlock their future. By analyzing the placement of playing cards on the board, reader can catch a glimpse of what the future will bring...

Should I sell my house?

An Ace of Hearts in the House of Moon says yes. This is a fortuitous time to find a new home to love.

Is it time to look for a new job?

A King of Clubs in the House of Money says no. Instead, expect a raise in pay or a promotion.

Will I meet someone soon?

An Eight of Hearts in the House of Marriage indicates that love and marriage are on the way.
