Roll the 35 Greatest Joints of All Time

# Spliffigami

by Chris Stone

“Given today’s sinking economy, there is no better solution to all the problems faced by Americans than marihuana,” declares Chris Stone, a grandmaster in the ancient art of rolling origami-inspired joints.

-  **Foreclosed Home?** Feel more fulfilled without material possessions.
-  **Weight Issues?** Embrace a toker’s munchies.
-  **Feeling Flabby?** Work up a sweat training fingers to become more dextrous.
-  **Need More Creativity?** Unleash right brain inhibition with a little freestyle rolling.
-  **Dull Sex Life?** Arouse a loved one with the Blowback technique.

Stone’s brethren of full-fledged spliffigami masters (all graduated from his Rolling College magna cum laude) are at the forefront of a national movement of epic proportions to restore world peace, end obesity, and ultimately, lower gas prices. In **Spliffigami**, Stone challenges all self-proclaimed cannabis aficionados to become fellow “Pothead Masters” by perfecting every joint roll in his new book.

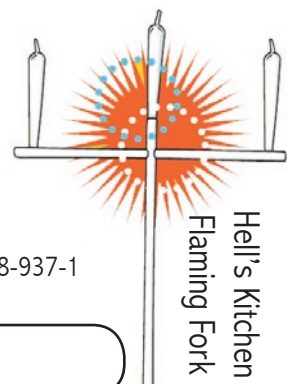

With step-by-step, full-color, illustrated instructions, beginning tokers start with the basics: learning the tools of the roller’s trade, assessing the quality of their stash, and figuring out the do’s and don’ts of smoking etiquette. Pot heads with some proficiency can immediately experiment with each of the 35 joint designs—each rated for its difficulty, smokeability and potency.

Challenging even the most die-hard tokers with inventive designs like Dutch Courage, Hell’s Kitchen Fork, and the Propeller, Stone’s book weeds out the meek and unworthy. For only the best of the best will be invited to join his quest for the ultimate *Kami No Itte* (Hand of God) joint roll—a spliffigami so pure in its form and function that the achieved high will grant its toker the gift of immortality.
