

# Disney The Never Girls Fairy Fortune-Telling!

## How to Fold Your Fortune-Teller

Before you start folding, make sure the blank side of the paper is facing up towards you.

**Step 1:**  
Fold each outside corner toward the center.

**Step 2:**  
Flip over and repeat.

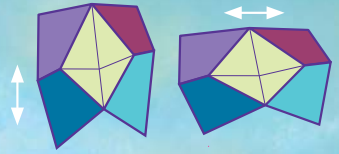

**Step 3:**  
Fold in half to create flaps.

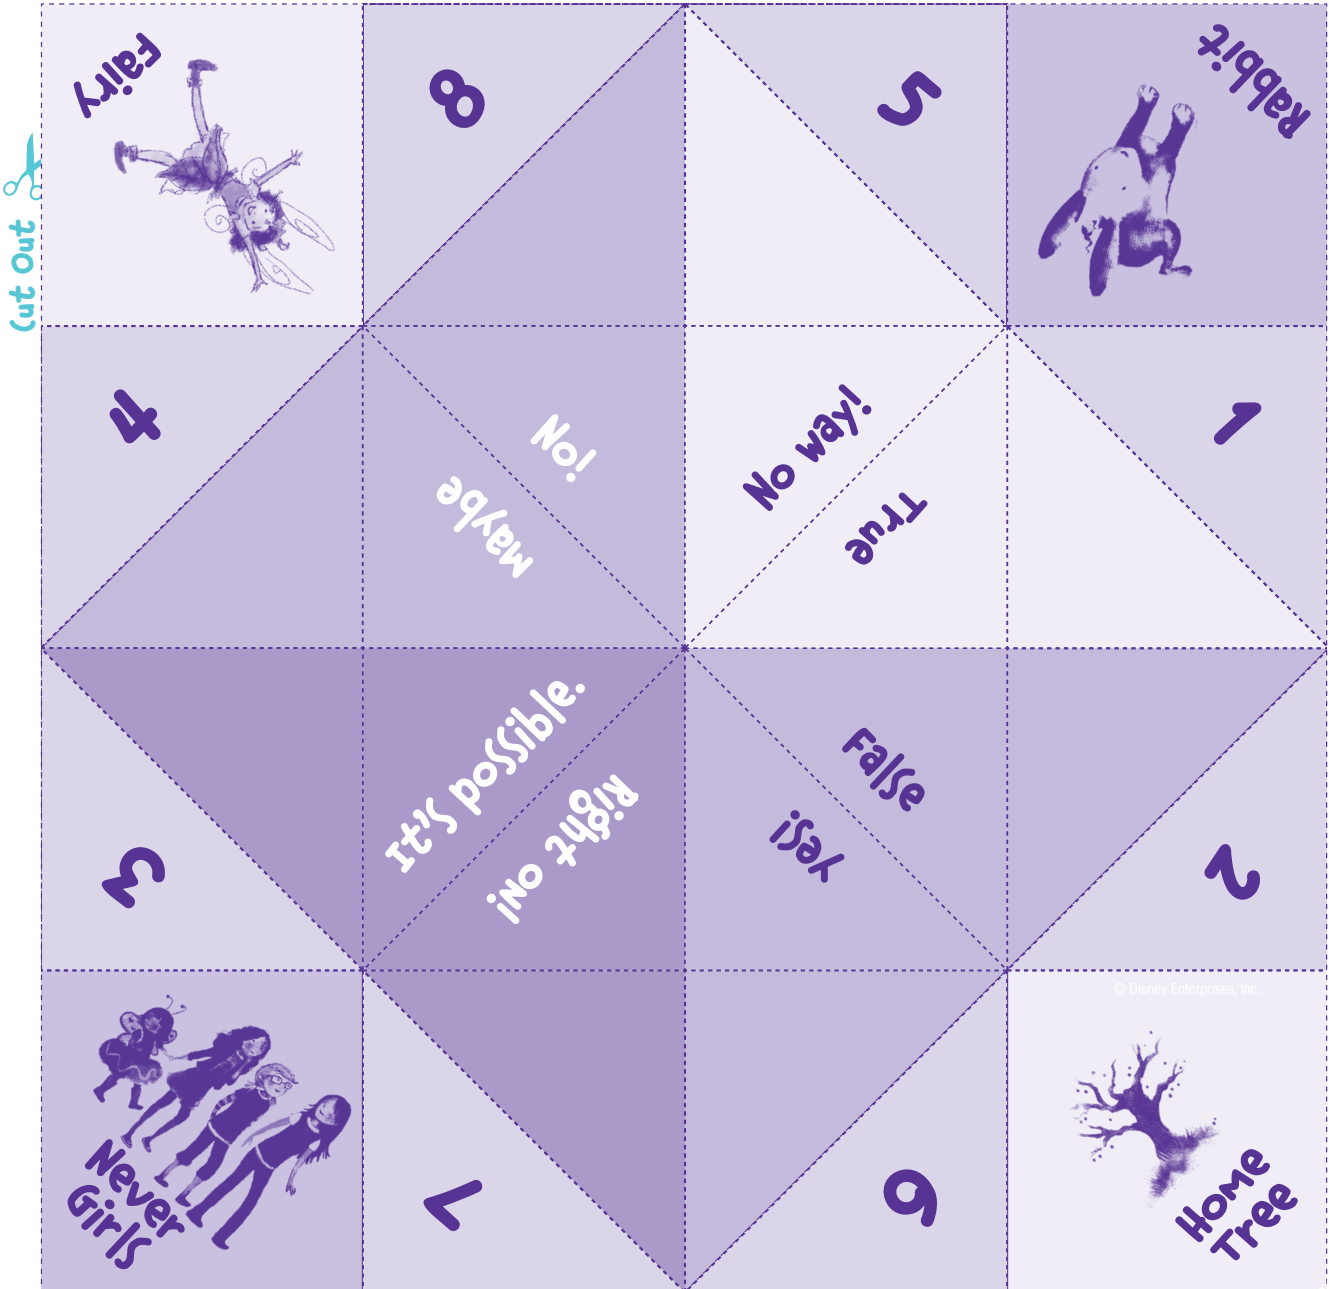

**Step 4:**  
Put your thumbs and forefingers into the flaps created, underneath the pictures.

## How to use your Fortune-Teller

You will need one person to be the fortune-teller and another person to be the questioner.

- Step 1:** Have the questioner concentrate and ask a yes or no question (silently or out loud), choose a picture (fairy, rabbit, Never Girls, Home Tree), and tell it to the fortune-teller.
- Step 2:** The fortune-teller spells the word of the picture out loud, opening and closing it in opposite directions for each letter.
- Step 3:** Then the questioner looks inside and picks a number. The fortune-teller opens and closes it in opposite directions as many times as the number that was chosen.
- Step 4:** The questioner looks inside and picks another number. The fortune-teller opens the corresponding flap and reads the answer out loud!
