

# Meet the Zigzag kids!

## Mitchell

He always spills pizza sauce on his clothes and forgets his umbrella (and shoes, and books), but he's great at homework help and writing.

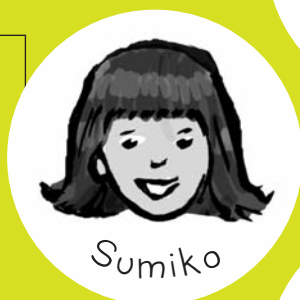

## Destiny

She always has fun at the center, and helps Violet, the cafeteria lady, hand out snacks. Destiny knows style—her hairdresser mother streaks her hair with wild colors and helps paint her nails to match.

## Sumiko

Known to burst into spontaneous handstands and cartwheels, Sumiko wants to be a great gymnast someday. She also knows seven words in Japanese, and counting!

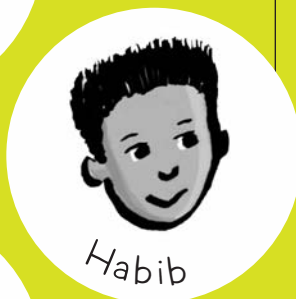

## Angel

Though she's got a flair for drawing and sculpture in the art room, she is even better at being a great sister to Mitchell—she doesn't let anyone mess with her little brother!

## Habib

Juggling is his favorite activity—he can juggle apples (even mushy ones!), mud pies, and hot dogs, too!

## Gina

She wears glossy white pearls every day, and can warble her voice like an opera star, but she can be a little bossy.
