

Celebrate 100 Days of School!

Language Arts

- On the first day of school challenge your class to read 100 books by the 100th day of school. Post a running list of the books read that students can write on as they've finished each book. You may want to break the class into reading teams and assign a reading goal to each team.
The Step into Reading series is perfect in helping your class reach its goal since it includes books for students at different reading levels and kid-friendly themes and genres.
- As a class come up with a list of 100 characters from books. Assign each student a few characters to include in his/her own original story. Bind all of the stories together and read them aloud on the 100th day of school. You can also work as a class to write one long story including the 100 characters on your list.
- Beginning on the first day of school, have each student record 100 new words he/she has learned. Use the "100 New Words" reproducible activity sheet on this poster!
- Have students write about their experience in the first 100 days of school, including what they've learned and their likes and dislikes. Use the "What I've Learned in 100 Days" reproducible activity sheet on this poster!
- Brainstorm a list of 100 verbs, 100 common nouns, 100 adjectives, and 100 proper nouns.

Math

- Have each student bring in a collection of 100 *small* items, such as paper clips, cotton balls, or pennies. Guess which items are lightest, and which are heaviest. Then use a scale to weigh them and put them in order by weight.
- Make a 100th day of school snack mix with 10 pieces of 10 ingredients (such as 10 Cheerios, 10 M&M's, etc). Reinforce the idea that 10 groups of 10 equal 100.
- Break the class into 10 groups. Have each group flip a coin 10 times and record their results. Make a chart of the number of heads and the number of tails in 100 total flips.
- Divide the class into groups and ask them to figure out how many ways they can reach 100 pennies, or one dollar, with different types of coins.
- Ask students what they would do if they had different amounts of money to spend: 100 pennies, \$10, \$100, and \$100,000. Use the "\$100 to Spend!" reproducible activity sheet on this poster!

Just for fun!

- Have students or teachers dress up like they are 100 years old. Use the "100 Years Old!" reproducible activity sheet on this poster!
- Start the day off with 100 jumping jacks or 100 stretches.
- Break the class into groups and have them put together 100-piece puzzles.
- Give 100 minutes of free reading time.
- Host a pizza party or ice cream social to celebrate the past 100 days of learning!
