

THE
EMERALD ATLAS
BY JOHN STEPHENS

Show how much you love THE EMERALD ATLAS
with these iron-ons for your favorite cotton clothing!

Just print your favorite onto special iron-on transfer paper, which can be found at most office supply stores. Once printed, cut out your design, leaving about 1/4" border. Then, iron your design onto your final garment and remove the paper backing from the iron-on transfer.

Be sure to ask a grown-up for help, especially before using an iron!
