

Nate the Great

Scramble-a-Mystery

With the help of a grown-up, cut out the words below. Then, make up your own mystery titles and plots by scrambling the words into different orders. For an extra challenge, turn all the words over, and choose six words without peeking at them. Then, turn over the words you've chosen, and try to make a sentence using only those six words.

Try it with a friend and see who can make the silliest mystery scramble!
