

LET'S DISCUSS

Instructions: After reading *How High Can a Dinosaur Count* and *Little Rabbit's Loose Tooth* have a discussion with the kids. Ask them what animal they would be and why. What sounds would they make? What would they eat? Where would they live?

ANIMAL MASKS

Instructions: Reproduce the mask outline below and have each kid draw the face of their favorite animal. You will need to provide safety scissors, crayons, and yarn to tie the masks on. Also, provide colored paper and glue or tape so the kids can add ears to their mask.
