## Duck, Duck, Goose!

**INSTRUCTIONS:** Have the kids sit in a circle. One person is “it” and walks around the circle. As the child walks he/she gently taps people’s heads and says “Duck,” until he/she taps someone to be “goose.” The “goose” gets up and tries to chase the “it” person around the circle. The goal is to tap the “it” person before he/she is able sit down in the “goose’s” spot. If the “goose” is not able to do this, he/she becomes “it” for the next round and play continues. If he/she does tap the “it” person, the person tagged has to sit in the center of the circle. Then the “goose” becomes “it” for the next round.

## SHARING & CARING

**INSTRUCTIONS:** In *Duck & Goose*, two friends learn to share something very special. In the space below, draw a picture of something that you have shared with someone, or draw something special that someone else shared with you!
