Welcome to the new EverymansLibrary.com. We created this website to celebrate 100 years of publishing distinguished classics. Founded in 1906 by London publisher Joseph Malaby Dent, the purpose of the collection was to make available literature that would appeal "to every kind of reader." Now published by Knopf in the United States and Random House UK abroad, Everyman's has grown to include more than 500 titles. As we move into a new era of fine bookmaking, we wanted to provide all of our readers, long-time collectors, and booksellers access to the complete catalog of available and forthcoming titles from the library.
