## Junie B.'s Mad Money

Directions: Solve the following money riddles by using the price tags on Lucille's "designer" clothes and Junie B.'s "regular kid" clothes. Then make up and solve some money riddles of your own!

1. How many pairs of shoes could Junie buy for the price of Lucille's one pair?
2. What is the price difference between Junie's tights and Lucille's tights?
3. How much more money would Junie need to exchange six of her hairbows for one of Lucille's hairbows?
4. How much more does Lucille's dress cost than Junie's?
