The **Magic Tree House** series allows you and your students to step into a world of adventure. From England in the Middle Ages to the prairies of America to the moon, protaganists Jack and Annie make history and science fun by taking young readers right there!

The companion **Magic Tree House Research Guides** give your students the facts behind the fiction by providing easy-to-digest information about the times, places, and cultures Jack and Annie visit in the Magic Tree House fiction adventures. The nonfiction research guides amplify the exciting subjects and include fun facts, photos, illustrations, definitions, and much more!

This educational planner is broken up into monthly units with a few short teaching ideas for the Magic Tree House fiction adventures and corresponding research guides that fall into that curriculum area. For complete educator guides and printer-friendly activity sheets, please check out and join our online Magic Tree House Classroom Club at **www.randomhouse.com/teachers/magicth**
